SECOND **FORENSIC REPORT**

By Forensic Expert **Lois Gibson**

Confirmation of Only One Sister Lucy Substitute

Sister Lucy Truth commissioned forensic expert Lois Gibson for a second report to confirm whether there were multiple impostors that replaced Sister Lucy of Fatima or only one impostor. She confirmed: **there was only one impostor from 1967 until her death in 2005.** Over email correspondence, Prof. Gibson reiterated that the conclusion is so straightforward, even a child could observe it:

Text of Report

As explained in Our Lady of Fatima Nun Comparisons One, Two, and Three, it appears the original nun was substituted years after her first appearance. Above I have the substitute nun shown A, at her youngest appearance. B and C are her as she appeared older and oldest in that order. It is my expert opinion that the substitute nun is one and the same individual. Said differently, it appears the first nun was not the same woman who appeared above in later years, and was named as that same nun, meaning there was a substitution. However, there was never more than one nun substituted for the original nun attached to the miracle of Our Lady of Fatima.
